

PIANC Strategic Plan 2006-2010
Action Plan of EnviCom

| GOALS | DESCRIPTION | PARTNERS | ACTION | TIMING |
|---|--|---|--|----------------|
| <p>Achieve credibility and recognition</p> <p>Contribute to development of waterborne transport</p> <p>-</p> <p>Contribute to development of navigation policy</p> | <p>EnviCom will continue to elaborate guidance and recommendations:</p> | <p>National Sections & Countries in Transition to include:</p> | <p>Provide:</p> | |
| | <p>- Sediment management and other port and navigation related environmental issues.</p> | <p>IAPH, UNEP</p> | <p>Technical guidance, training</p> | <p>Ongoing</p> |
| | <p>- Integrated approach, including environment, habitat and environmental awareness, assessment and management techniques.</p> | <p>UN, UNEP, IMO, EU</p> | <p>Training, public outreach</p> | <p>Ongoing</p> |
| | <p>- Review current methods of costing the environmental measures.</p> | <p>IAPH, IADC, UNEP, AAPA, IWR</p> | <p>Technical guidance</p> | <p>Ongoing</p> |
| | <p>- Include economic aspects of sound environmental practices. Cost effective (prevention versus remedied) common sense technologies.</p> | <p>UN, IMO, IAPH, AAPA</p> | <p>Public interest, training, guidance</p> | <p>Ongoing</p> |

| | | | | |
|--|---|--|--|---------------------------------------|
| | <ul style="list-style-type: none"> - Navigation and climate change. - A major role of PIANC is to create networks among countries and stakeholders. | <p>IAPH, UNEP, IMO, AAPA</p> <p>All listed partners</p> | <p>Technical guidance</p> <p>Technical guidance, lead workshops/training</p> | <p>2006 (initiate)</p> <p>Ongoing</p> |
| <p>Enhance vitality of Qualifying Members and National Sections</p> | <p>Promote communications (external and internal) – Co-operate with sister organizations. EnviCom will contribute to PIANC’s international co-operation by:</p> <ul style="list-style-type: none"> - Partner economic initiative and with IADC, IAPH, and CEDA on broader environmental issues. - Communication and participation with non-traditional navigation stakeholders, such as UN, Ramsar, EU, WWF, Greenpeace. | <p>All EnviCom partners</p> <p>Environmental agencies, WWF, Greenpeace, EU</p> | <p>Co-sponsored publications</p> <p>All media</p> | <p>Ongoing</p> <p>Ongoing</p> |

| | | | | |
|--|---|---|---|--|
| | <ul style="list-style-type: none"> - Adding networking partners. - Knowledge management and capacity building. - Sustainable navigation (air, noise, dust; environmental Mgt. Systems, habitat management and T&E species). | <p>EU, other international environmental groups</p> <p>UN, UNEP, IMO, CEDA, WEDA, IAPH</p> <p>IAPH, AAPA, ESPO</p> | <p>Joint projects</p> <p>All media use</p> <p>New technical initiatives</p> | <p>Ongoing</p> <p>Ongoing</p> <p>2007 (initiative)</p> |
| <p>Expand # YP's and # of participating Countries in Transition</p> <p>-</p> <p>Promote and expand members' benefits</p> | <p>ICT: EnviCom will implement communication and enhance information technology by:</p> <ul style="list-style-type: none"> - Initiate an activity to discuss and quantify the environmental benefits of waterborne and intermodal transport, compared to other transport methods. - Use the widest selection of communication media. | <p>Public interest groups, UNEP, EU, North American Natural Resource Groups</p> <p>All partners and interested groups</p> | <p>Promote:</p> <p>General interest media</p> <p>All subjects</p> | <p>Ongoing</p> <p>Ongoing/proposed</p> |

| | | | | |
|--|--|-------------------------------------|---|-----------------|
| | - Use innovative methods of technology transfer. | All partners | Electronic communication | 2007 (initiate) |
| | - Strategic and tactical advice and recommendations, enhance communication with partners. | All partners | All publications and media | 2007 (initiate) |
| | - Development and implementation of knowledge management, capacity building and good stewardship related to navigation infrastructure. | All partners and interested parties | Fully interactive electronic media web training | Proposed |
| | - Target National Sections and Countries in Transition. | | Special publications and training for countries in transition | Proposed |
